# Student Guidelines for Acceptable and Responsible Use of Technology Resources

2024-2025

These guidelines are provided so that students and parents are aware of the responsibilities students accept when they use District-owned computer hardware, operating system software, application software, stored text, data files, electronic mail, local databases, removable media, digitized information, and communication technologies on the Lostant School District network. In general, this requires efficient, ethical, and legal utilization of all technology resources.

## **1. Expectations**

- a. Student use of computers, other technology hardware, software, and computer networks, including the Internet, is an integral part of the instructional program directed by teachers. Technology tools are to be used for learning.
- b. All users are expected to follow existing copyright laws.
- c. Although the District has an Internet safety plan in place, students are expected to notify a staff member whenever they come across information or messages that are inappropriate, dangerous, threatening, or make them feel uncomfortable.
- d. Students who identify or know about a security problem are expected to convey the details to their teacher or an administrator without discussing it with other students.

## **2. Unacceptable conduct includes but is not limited to the following:**

- a. Using the network for illegal activities, such as copyright, license, or contract violations or downloading inappropriate materials, viruses, and/or software, including but not limited to hacking and host file sharing software.
- b. Using the network for financial or commercial gain, advertising, or political activities.
- c. Accessing or exploring online content that does not support the curriculum and/or is inappropriate for school assignments, including but not limited to pornographic sites.
- d. Vandalizing, tampering, or accessing without permission, equipment, programs, files, software, system performance, or other technology. Use or possession of hacking software is strictly prohibited.
- e. Causing congestion on the network or interfering with the work of others, e.g., chain letters, jokes, or pictures to lists or individuals.
- f. Unauthorized or non-curricular use of online video, music or streaming content.
- g. Gaining unauthorized access anywhere on the network.
- h. Invading the privacy of other individuals.
- i. Using another user's account, password, or ID card or allowing another user to access your account, password, or ID.
- j. Coaching, helping, joining or acquiescing in any unauthorized activity on the network.
- k. Posting anonymous, unlawful, or inappropriate messages or information on district-owned and/or district-supported technology resources.
- l. Engaging in sexual harassment or using any language of a sexual or otherwise objectionable nature (e. g., racist, terroristic, abusive, threatening, demeaning, stalking, or slanderous) in public or private messages.
- m. Falsifying permission and/or authorization of identification documents.
- n. Obtaining copies of or modifying files, data, or passwords belonging to other users on the network without authorization.
- o. Knowingly placing a computer virus on a computer or network.
- p. Transmission of any material that is in violation of any federal or state law. This includes, but is not limited to confidential information, copyrighted material, threatening or obscene material, and computer viruses.

### **3. Acceptable and Responsible Use Guidelines**

#### **a. General Guidelines**

- (1) Students are responsible for the ethical and educational use of technology in the District and when a district-owned device is used out of district. (2) Students will have access to available forms of electronic media and communication that is in support of education and research, and in support of the educational goals and objectives of the District. (3) All technology policies and restrictions must be followed. (4) Access to the District's computer online services is an educational expectation and student responsibility. Each student will be required to sign and adhere to the Acceptable and Responsible Use Guidelines Agreement. (5) When placing, removing, or restricting access to data or online services, school officials shall apply the same criteria of educational suitability used for other education resources.

#### **b. Network Etiquette**

- (1) Be polite. (2) Use appropriate language. (3) Do not reveal personal data (i.e. home address, phone number, or phone numbers of other people) or arrange any face-to-face meetings with persons online. (4) Remember that the other users of technology are human beings whose culture, language, and humor have different points of reference from your own.

c. Email and Online Communication Tools (1) Students are provided access to email accounts and online communication tools for required classwork, peer collaboration, and educational uses tied to learning standards. (2) Email transmissions and all other online communications, as well as stored or transmitted data, or any other use of district-owned technology resources by students or any other user is subject to being monitored at any time by designated staff to ensure appropriate use. (3) All contents of email and online communications accessed through the Lostant School District resources are the property of the District. Students may have no expectation of privacy on any information stored on the Lostant School District network, accessed from Lostant School District's network, or used within the Lostant School District's network. District administrators and employees of the District may monitor a technology device or access its contents at any time in accordance with this policy and applicable law.

### **4. Consequences**

The student in whose name a system account and/or computer hardware is issued will be responsible at all times for its appropriate use. Noncompliance with the guidelines published here may result in suspension or termination of technology privileges and disciplinary action. Use or possession of hacking software is strictly prohibited and violators will be subject to consequences. Violations of applicable state and federal law, including the Illinois Penal Code, Computer Crimes, Chapter 33, may result in criminal prosecution, as well as disciplinary action by the District. The District cooperates fully with local, state, or federal officials in any investigation concerning or relating to violations of computer crime laws. In addition, contents of email and network communications are governed by the Illinois Public Information Act, and therefore, may be subject to public disclosure as required by law. Any attempt to alter data, the configuration of a computer, or the files of another user without the consent of the individual, or an administrator, will be considered an act of vandalism and subject to disciplinary action.

I have read and understand the Lostant School District #425 Student Guidelines for Acceptable and Responsible Use of Technology Resources.

# 1:1 Technology Student/Parent Agreement

2024-2025

**Purpose:** Lostant Community Unit School District may provide and assign students an electronic device (chromebook, laptop, etc.) for use at home as a means to promote achievement and provide flexible learning opportunities. This agreement provides guidelines and information about the expectations for students and families who are being issued these one-to-one devices. In addition to this agreement, the use of district-provided technology also requires students to abide by the Student Code of Conduct and all policies related to technology acceptable use.

Our expectation is students will responsibly use District technology and network resources. We also expect students will keep their District-issued devices safe, secure, and in good working order. This agreement includes the following specific responsibilities and restrictions.

## **RESPONSIBILITIES – The student will:**

1. Communicate responsibly and ethically using school appropriate language, speech, and images.
2. Report an instance of cyberbullying, personal attacks, or threats toward anyone made to school personnel.
3. Follow copyright laws and fair use, and proper care guidelines.
4. Upon request, make the school-issued technology available for inspection by any administrator or teacher.
5. Understand all electronic communication, activities, and files accessed on District technology are not private and may be viewed, monitored, or archived by the district at any time.
6. Use their school-issued technology for academic purposes only.

## **STUDENT RESTRICTIONS – The student will not:**

1. Mark, deface, or place stickers on the school-issued device.
2. Reveal or post identifying information, files, or communications to unknown persons through email or other forms of communication.
3. Bypass or otherwise change the Internet filtering software, device settings, or network configurations.
4. Tamper with hardware or software, attempt unauthorized entry into and/or vandalize or destroy the computer or computer files.
5. Attempt to locate, view, share, or store any materials that are unacceptable in the school setting. This includes, but is not limited to pornographic, obscene, graphically violent, racist, or vulgar images, sounds, music, language, video, or other materials that violates District policies, procedures, guidelines, or student codes of conduct. The criteria for acceptability is demonstrated in the types of material made available to students by the school.

**I also understand that it is impossible for the Lostant CUSD 425 to restrict access to all controversial or inappropriate materials, and I will not hold the district responsible for materials acquired at home. If the device is returned to the school damaged in any way, I am responsible for reimbursing the district for the cost of the repairs/replacement of the device.**

By signing this agreement, you agree to abide by the conditions listed above and assume responsibility for the care and proper use of Lostant CUSD 425 property. Student misuse will be subject to disciplinary action outlined by the Lostant CUSD 425 *1:1 Technology Student/Parent Agreement*.

As the parent/guardian, my signature indicates I have read and understand this one-to-one agreement and give my permission for my child to have access to and use Lostant CUSD 425 issued technology.

# WELCOME

Welcome to another amazing year in Lostant School District 425! Our expectations for student learning and behavior are high, as is our attentiveness to our students' needs.

Please take time to review this handbook with your family and contact the school office if any questions arise. Of course, you can always access all District policies at [lostantcomets.org](http://lostantcomets.org). The entire Lostant School family is excited to kick off another year of learning. Please let us know if there is anything that we can do to improve your experience.

This Handbook is a summary of the school's rules and expectations; and is not a comprehensive statement of school procedures. The Board's Comprehensive Policy Manual is available on the District web site ([lostantcomets.org](http://lostantcomets.org)) or in hard copy in the Superintendent's office located at 315 West 3rd Street, Lostant, IL 61334.

The Lostant School Board of Education (B.O.E.) governs the school district and is elected by the community. Current school board members' names are located on page two of this Handbook. The School Board employs Mr. Robert Ketcham, Superintendent, to operate the district; Dr. Sandra Malahy, Professional Development Administrator; to oversee teaching and learning practices; and Mrs. Courtney Klobucher, Principal, to oversee daily school operations.

## **Mission, Vision, and Goals**

### **Mission Statement**

Our mission is to provide a safe teaching and learning environment where all students are given the educational opportunity to reach their highest potential. Lostant Community Unit School District #425 is committed to the ongoing improvement of programs, curriculum, facilities, and staff reflecting the community it serves. We strive to challenge our students not only to effectively compete in an increasingly competitive world, but also to lead through innovative programs and instruction.

### **Vision Statement**

It is the vision of Lostant C.U.S.D. #425 to create an environment for students to actively gather information and develop a lifelong love of learning. Teachers will instill the vision of learning by helping their students to set personal goals, establish the learning/re- thinking cycle of knowledge acquisition, and collaborate with each other and the community.

### **Goals**

The Lostant School District will develop students with excellent character, citizenship, and intellect by:

- Hiring and retaining excellent staff that exceeds societal expectations for character, citizenship, and intellect and providing that staff with a local, high-quality professional development program.
- Providing individual assistance to all students to achieve their maximum potential and involving parents in decisions about the student's educational growth.
- Communicating with transparency to parents and community members about District affairs and involving community members in the functions of the school.
- Maintaining the building and grounds and ensuring District sustainability through fiscal responsibility.

## **ABSENCES**

To ensure the safety of all students and remain in compliance with state law, **parents are required to notify the school office if their child will not be in attendance**. This notification must take place within the first hour of school (prior to 9:30 am). When reporting an absence, please call the school office anytime, day or night. If notice is not received, District procedure is for school personnel to attempt to make contact via all phone numbers provided. If unsuccessful, all emergency contacts will be called until confirmation of the absence is received. If all attempts are unsuccessful, the Principal or designee will notify local law enforcement to ensure the safety and well-being of the student.

Parents and guardians should be cautioned that all absences, excused and unexcused are recorded. The school is required to report all chronic or habitual truants. The Illinois School Code states a child is subject to compulsory attendance laws who is absent without valid cause from school for 5 percent (9 days) or more the previous 180 regular attendance days. The Village of Lostant and LaSalle County have Truancy Ordinances in place and the proper authorities will be contacted with regards to excessive absences. A parent or guardian who knowingly and willfully permits a child to be truant may be convicted of a Class C misdemeanor, which carries a maximum penalty of thirty days in jail and/or a fine of up to \$1500.00.

Resources and supportive services are available to students with attendance problems:

- Conferences with school personnel.
- Counseling services of the school psychologist.
- Placement in alternative educational programs.
- Referral to community agencies for appropriate services.

There are two types of absences: excused and unexcused. The school may require documentation explaining the reason for the student's absence.

### **Excused Absences Include**

- Illness: a student must be fever-free and not have vomited for 24 hours in order to return to school.
- In the event of a county, state, or nationwide pandemic, students must follow official guidelines to return to school.
- Family emergency.
- Death in the immediate family.
- Observance of a religious holiday.
- Situations beyond the control of the student: up to 5 days per school year.
- Circumstances that cause reasonable concern to the parent/guardian for the student's safety or health.
- Mental health days - up to 5 days per year.

### **Unexcused Absences Include**

- Absences not listed above will be reported unexcused.

### **23 Minute Rule**

If a student is absent up to 23 minutes of the school day, attendance will be recorded as:

- Late arrival (8:53 a.m.).
- Appointment (any 23-minute period between 8:53 a.m.-3:07 p.m.). Students must return with a note from the health professional stating the reason for the appointment.
- Early departure (3:07-3:30 p.m.).
- The 23-minute rule will be recorded as an excused or unexcused absence as defined above.

## **Partial Day**

If a student is absent more than 23 minutes of the school day, attendance will be recorded as a partial excused or unexcused absence as defined above.

## **ACADEMIC RECOGNITION**

Academic recognition is awarded to all 8<sup>th</sup> grade students under one of two circumstances.

- Students who maintain a 94.00 percent minimum average in every subject during 7<sup>th</sup> and 8<sup>th</sup> grade years.
- Students who maintain a 94.00 percent minimum average in every subject taught by Lostant School District teachers during 7<sup>th</sup> and 8<sup>th</sup> grade years while also achieving A's (94% minimum) or B's (86% minimum) while enrolled in online high school coursework taught by an accredited I.S.B.E. approved academic program. Students who participate in high school online coursework will have eight percent added to the online grade for academic recognition purposes.

Example: A student receives a grade of 82 percent from the online teacher. The Lostant School principal will add eight percent to the grade for a new grade of 90 percent when calculating academic recognition.

- Students are awarded a certificate and academic medal.

## **ACCELERATED READER PROGRAM**

Lostant students participate in the Accelerated Reader Program (AR) as soon as they begin reading books. A student's independent reading level is identified through the Northwest Evaluation Association's Measures of Academic Progress (MAP) assessment. The MAP assessment is administered to every student in grades K-8<sup>th</sup>, 3 times per year. Students receive a Lexile score that indicates the student's independent reading level. A number range is assigned to the Lexile score. This number range is then used with the AR program. Lostant School uses the lowest number on the range scale so that students know the lowest book level to select. Each book is assigned a point value by AR. After the student completes reading a book, he or she logs into the AR system and takes a comprehension quiz.

Students must pass AR quizzes in order to meet his or her quarterly goal. Students may also earn points by participating in a Book Commercial. One Book Commercial per quarter is allowed for one point. Students write a brief commercial about the book he or she read. The student reads the commercial over the P.A. system in the morning during announcements. Students who meet their goal attend a quarterly AR party.

Students in grades 7-8 must maintain an overall average of 80% or higher in order to meet his or her quarterly goal. Students must also read at least 3 books at their MAP-determined level, per quarter. Audiobooks/Epic books may be used at the discretion and approval of the reading teacher(s). The required percentage correct may increase each quarter at the teacher's discretion. AR is graded based on the percentage of points a student achieved to his or her AR goal.

AR is graded based on the percentage of points a student achieved to his or her AR goal. The AR grade is ten percent of the quarterly reading grade on the report card. If a student cheats on an AR test, the student will receive a zero for the AR portion of the reading grade. The student will not receive the semester AR award for points achieved.

### Minimum Quarterly Point Requirements

<u>Level</u>	<u>Points</u>	<u>Level</u>	<u>Points</u>
Beginning Reader (BR)	5	8.0-8.9	25
1.0-1.9	6	9.0-9.9	30
2.0-2.9	7	10.0-10.9	30
3.0-3.9	8	11.0-11.9	30
4.0-4.9	9	12.0-12.9	30
5.0-5.9	10		
6.0-6.9	15		
7.0-7.9	20		

### ACCOMMODATING INDIVIDUALS WITH DISABILITIES

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the Principal if he or she has a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

### AFTER SCHOOL STUDY HALL

After school study hall was implemented at the beginning of the 2014-2015 school year. The program resulted in additional learning time in the classroom because more students were bringing completed homework to school every day. Teachers did not have to repeat lessons and unprepared students were able to make-up the work after school rather than in the classroom.

- After school study hall will not prevent a student from receiving a quarterly good behavior award.
- Students will receive one free pass each semester when he or she forgets to complete an assignment. (This is not one free pass per class; rather, one free pass for one forgotten assignment per semester). When a free pass is used, the incomplete assignment must still be completed and handed in the next school day for full credit.
- All students coming to school without completed homework will stay after school that day and attend a one hour study hall from 3:30–4:30.
- All students who refuse to participate in classroom activities will stay after school that day and attend a one hour study hall from 3:30–4:30.
- Students will call parents to inform them of study hall participation. Parents are responsible for transportation.
- Students will be released promptly at 4:30.
- Study hall will be supervised by a school employee until 4:30. There is no supervision after 4:30.
- Students who fail to attend study hall will receive a one day, in-school suspension the following day.

Due to the high percentage of students coming to school unprepared, or unwilling to work in the classroom, it became necessary to address this concern in order to:

- Meet the educational needs of prepared students.
- Meet district curriculum expectations.
- Prepare students for the new rigorous state testing requirements.
- Meet the new College and Career Readiness Standards.

**You may assist your child by providing a quiet and supportive environment for approximately 20-40 minutes per night so that your child may complete homework, practice math facts, and read his or her A. R. book.**

### ANIMALS ON SCHOOL PROPERTY

This rule may be temporarily waived by the Principal in the case of an educational opportunity for students, provided that: a) the animal is appropriately housed, humanely cared for, and properly handled, and b) students will not be exposed to a dangerous animal or an unhealthy environment.

### ASBESTOS

Lostant School is inspected every 6 months for disruption of any asbestos-containing materials. Evidence of disturbance is documented in the Management Plans that are available for review in the school office.

### ASTHMA MEDICATION/SELF ADMINISTRATION

Updates to the Illinois School Code now require students with a diagnosis of asthma to submit an Asthma Action Plan to their child's school. This Action Plan outlines how the school responds to the child's asthma attacks. Parents are encouraged to discuss this with their healthcare provider and complete an Asthma Action Plan with the assistance of their healthcare provider. Asthma Action Plans should be submitted to the principal and will be kept on file in the office. If you or your healthcare provider deem your child is able to self-administer his or her asthma inhaler, the *Parental Authorization for Self-Administration of an Inhaler* form will need to be completed and kept on file in the office.

Pursuant to Section 5/22-30 of the School Code, schools are required to permit the self-administration of medication by a student with asthma or the use of an epinephrine auto-injector by a student provided that:

- The parents of the student provide to the school written authorization for the self-administration of medication or use of an epinephrine auto-injector.
- The parents provide to the school a written statement from the student's physician, physician assistant, or advanced practice registered nurse containing the following information:
  - The name and purpose of the medication or epinephrine auto-injector.

- The prescribed dosage.
- The time or times at which or the special circumstances under which the medication or epinephrine auto-injector is to be administered.

Parents are hereby informed that the District and its employees and agents shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from the self-administration of medication or use of an epinephrine auto-injector by a student.

The authorization form for self-administration of medication may be obtained from the school office. The permission for self-administration of medication or the use of an epinephrine auto-injector is effective only for the school year for which it is granted and must be renewed each subsequent school year.

### **ATHLETIC PHYSICALS**

Students participating in athletics are required to have a physical exam each year. These exams must be completed before a student can practice or participate in athletics. As set forth in the Illinois State Statutes, the physical exam is valid for 395 days from the date of the exam. Please refer to the IESA Handbook, Section 3.060 for additional guidance.

### **ATTENDANCE**

Regular attendance is essential to learning. (School Code 105 ILCS 5/26 .1 and 5 .26 .3b). Illinois law requires that whoever has custody or control of any child between 6 (on or before September 1<sup>st</sup>) and 17 years of age (unless the child has already graduated from high school) shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session.

Every minute of a student's time in school is important. Students who are absent for even one day, or who arrive tardy to school, miss valuable instructional time. Students can easily fall behind academically. A District calendar and schedules are placed in all registration packets and posted on the website to remind parents / guardians of school attendance days. Please review the school calendar to avoid planning family activities on school days. Vacations should be planned when school is not in session.

## **BUDDY BENCH**

The Buddy Bench is a simple idea to eliminate loneliness and foster friendship on the playground. If you are sitting on the bench you are looking for a friend. When someone asks you to play, join them and always remember to glance over at the Buddy Bench to invite new friends to join in on the fun.

Four reasons a person may be sitting on the Buddy Bench.

- The student is new to the school.
- The student wants to make new friends.
- The student's friend or friends are not at school that day.
- The student wants to play something different than what his or her friends are playing.

If you are not sitting on the bench and see someone sitting on the bench, ask your classmate on the Buddy Bench to play; and make a new friend today! Keep growing your circle of friends until everyone has someone to play with.

A big thank you to Mrs. Haynes, student council, parents, and community members who saved plastic caps and raised funds to purchase our Buddy Bench.

## **BULLYING AND HARASSMENT INCLUDING SEXUAL HARASSMENT PROHIBITED**

### **Bullying/General Harassment**

No person, including a District employee or agent, or student, shall harass, intimidate or bully another student based upon a student's age, sex, color, actual or perceived race, religion, creed, ancestry, national origin, physical or mental disability, sexual orientation, gender-related identity or expression, marital status, military status, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristics.

The District will not tolerate harassing or intimidating conduct, whether verbal, physical, or visual, that affects tangible benefits of education, that unreasonably interferes with a student's educational performance, or that creates an intimidating, hostile, or offensive educational environment.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically (cyber-bullying), directed on more than one occurrence toward a student or group of students, by a student or group of students, that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing the student in reasonable fear of harm to the student's person or property.
- Causing a substantially detrimental effect on the student's physical or mental health.
- Substantially interfering with the student's academic performance.
- Substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

### **Bullying is Prohibited**

- During any school-sponsored education program or activity.
- While in school, on school property, on school buses, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
- Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment (cyber-bullying).

Examples of prohibited conduct include, but are not limited to, name-calling, using derogatory slurs, harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above or retaliation for asserting an act of bullying.

Complaints of harassment, intimidation or bullying are handled according to the process listed in the district's Uniform Grievance Procedure.

### **Sexual Harassment**

Sexual harassment of students is prohibited. Sexual harassment is defined as any unwelcome act or comment sexual in nature that is considered offensive, whether intended or not, which denies or limits the provision of educational aid, benefits, services, or treatment. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature by anyone including students, imposed on the basis of sex that has the purpose or effect of: (a) substantially interfering with the student's educational environment; (b) creating an intimidating, hostile, or offensive educational environment; (c) depriving a student of educational aid, benefits, services, or treatment; (d) making submission to or rejection of unwelcome conduct the basis of academic decision affecting a student.

Examples of sexual harassment include, but are not limited to, sexual advances, requests for sexual favors, unwelcome touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities.

Students, who believe they are victims of sexual harassment or have witnessed sexual harassment, are encouraged to discuss the matter with the student Nondiscrimination Coordinator, Principal, or a Complaint Manager. Students may choose to report to a person of the student's same gender. Complaints will be kept confidential to the extent possible given the need to investigate. An allegation that one student was sexually harassed by another student or by an adult shall be referred to the Principal for appropriate action.

Any student of the district who is determined, after an investigation, to have engaged in sexual harassment will be subject to disciplinary action, up to and including expulsion. Any person making a knowingly false accusation regarding sexual harassment will likewise be subject to disciplinary action up to and including expulsion.

### **BUS TRANSPORTATION**

The District contracts Johannes Bus Service, Inc. for all transportation services. When your child does not need to be picked up in the morning or dropped off in the afternoon, please call 888-712-3506. You may leave a message

on the dispatch answering machine if you call in the evening. The phone will be answered by Dawn, Dispatcher or Christina, Branch Manager, early in the morning and during the day. Bus transportation is provided to and from school for all students living 1.5 miles or more from the school. Students are not permitted to ride a bus other than the bus to which they are assigned.

Students are not allowed to be dropped off or picked up at another student's house unless the parent submits a note or phone call to the school office. A transportation note will then be given to the bus driver by the school with instructions regarding which student or students have an altered route for that morning or afternoon. Students who take it upon themselves to depart the bus at another student's house will be temporarily suspended from transportation services.

Student pick-up and drop-off times are approximate. Due to the weather, road conditions; or actual number of pick-up/drop-off locations on any given day, these times will be altered by 20 minutes. Therefore, all bus riders should expect the bus to arrive at your home or bus stop 10 minutes prior to or 10 minutes after the approximate transportation time.

Student discipline for bus infractions will continue to be the responsibility of Lostant School District. Two or three cameras are located on every bus. Cameras will have audio and visual taping capabilities. Behavior infractions will be viewed by Johannes Bus Service, Inc. personnel as well as Mrs. Klobucher. After viewing student behavior bus issues, Lostant School will manage the discipline. While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by Mrs. Klobucher, Principal. Parents will be informed of inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year. In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

- Go to your assigned seat and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.
- Assigned seating will be implemented if needed.
- Do not move from one seat to another while on the bus.
- Keep all parts of the body and all objects inside the bus.

### **Policy on Parents Boarding a School Bus**

At no time is a parent to board the school bus to handle any discipline matter without the expressed permission of the bus driver. Such an unauthorized boarding threatens the safe operation of the bus and/or its occupants. A parent may enter if the bus driver gives permission to assist or if there is an emergency such as a bus accident. If a parent has a concern with any issue on the bus, the proper procedure is to first discuss the concern with the bus driver. If a satisfactory consensus is not reached, then the parent should bring the matter to the attention of the Assistant Principal. If the matter is still not resolved, the parent should bring the concern to the attention of the Board of Education, who will render the final decision regarding the disputed matter.

### **CARE OF SCHOOL PROPERTY**

Each student is responsible for the chromebooks, textbooks, and materials which the student uses. If materials or a book are damaged, lost or stolen, the student to whom it was issued is financially responsible for the replacement or repair. This includes library books, classroom books, or schoolbooks. Parents/guardians will be billed for the cost. Any person caught destroying or damaging school property must pay for the damages, will be subject to disciplinary action by the school, and may be subject to arrest by law enforcement officials.

**Student may not be eligible to participate in class trips or end of the year activities until all bills have been paid.**

### **CHAIN OF COMMAND FOR PARENT/GUARDIAN CONCERNS**

All school concerns should be discussed with the teacher(s) or staff member involved in the situation. If the concern is not resolved to the parent/guardian's satisfaction, the Principal should be contacted. If the situation is not resolved after contacting the Principal, the Superintendent should be contacted. If the situation is not resolved after contacting the Superintendent, the Board of Education President may be contacted.

### CHEATING

All work (homework, classwork, AR tests, etc.) submitted for credit in any class at Lostant is expected to be the original work of the student submitting it. If work is not the original effort of the student, that student may be found guilty of cheating. Cheating occurs, for example, when a student copies homework or answers from another student. It also occurs when a student allows his/her paper to be copied by another. This also goes for allowing a student access to another student's digital account. A student found guilty of cheating shall receive a zero (0) for the assignment/exercise and make-up privileges may not be granted.

When a student is caught cheating, the teacher will conference with the student and contact the parent. If cheating continues, any subsequent grade will be a zero (0) for that assignment, the principal will be notified, and a meeting with student, teacher, principal, and parent(s) will be held. If the cheating then continues, the student will fail the course.

### COLD WEATHER CONDITIONS

Students will not go outside for recess if the wind chill factor is 20 degrees or colder; conditions such as rain, sleet, or excessive snow are a safety or health concern. At all other times, students will be going outside for recess and need to dress appropriately for the weather.

### COMMUNICABLE DISEASES

Students may be excluded from school if they are identified as having a communicable disease and pose a threat to the school population. We ask that parents notify the office if their child has a communicable disease. Mandated rules as established by the Governor's Office and Illinois State Board of Education will be followed during times of a pandemic.

### CONCUSSION INFORMATION

Each school year students and parents/guardians must sign an *Agreement to Participate* form prior to the student participating in extra-curricular athletic activities. Students in 5<sup>th</sup>-8<sup>th</sup> grade will view a concussion video in physical education class at the onset of each school year.

I assume all responsibility and certify that my child is in good physical health and is capable of participating in the above indicated sport or athletics.

In addition, an opportunity shall be afforded to parents/guardians upon their request to examine the instructional materials to be used in such comprehensive sex education class or course.

Any 8<sup>th</sup> grade student who does not meet the standard for successful completion of 8<sup>th</sup> grade, will not be promoted. The School Code specifies that no pupil shall be graduated from the 8<sup>th</sup> grade of any public school unless he has received specific instruction in the history of the United States and gives evidence of having a comprehensive knowledge thereof (5/27-21). Section 27-3 of the School Code requires that American patriotism and the principles of representative government as enunciated in the American Declaration of Independence, the Constitution of the United States of America and the Constitution of the State of Illinois shall be taught in all public schools and no student shall receive a certificate of graduation without passing a satisfactory examination in such subjects. Any special education student whose gross disobedience or misconduct is not a manifestation of his or her disability may be expelled pursuant to the expulsion procedures, except that such disabled student shall continue to receive educational services as provided in the IDEA during such period of expulsion.

A special education student may be suspended for periods of no more than 10 consecutive school days each in response to separate incidents of misconduct, regardless of whether the student's gross disobedience or misconduct is a manifestation of his or her disabling condition, as long as the repeated removals do not constitute a pattern that amounts to a change in placement (considering factors such as the length of each removal, the total amount of time the student is removed, and the proximity of the removals to one another) and provided that such student receives educational services to the extent required by the IDEA during such removals.

Any special education student may be temporarily excluded from school by court order or by order of a duly appointed State of Illinois hearing officer changing the student's placement to an appropriate interim alternative educational setting for up to 45 days, if the District demonstrates that maintaining the student in his or her current placement is substantially likely to result in injury to the student or others.

Such a student shall be placed in an appropriate interim alternative educational setting for no more than 45 days in accordance with the IDEA.

A special education student who has inflicted serious bodily injury upon another person, as defined in the IDEA, while at school, on school premises or at a school function may be removed from his or her current placement. ### **EMPLOYEE ETHICS**

All District employees are expected to maintain high standards in their job performance, demonstrate integrity and honesty, be considerate and cooperative, and maintain professional and appropriate relationships with students, parents/guardians, staff members, and others.

The Superintendent or designee shall provide this policy to all District employees and students and/or parents/guardians in their respective handbooks, and ensure its posting on the District's website, if any.

### **Professional and Appropriate Conduct**

Professional and appropriate employee conduct are important Board goals that impact the quality of a safe learning environment and the school community, increasing students' ability to learn and the District's ability to educate. To protect students from sexual misconduct by employees, and employees from the appearance of impropriety, State law also recognizes the importance for District employees to constantly maintain professional and appropriate relationships with students by following established expectations and guidelines for employee-student boundaries. Many breaches of employee-student boundaries do not rise to the level of criminal behavior but do pose a potential risk to student safety and impact the quality of a safe learning environment. Repeated violations of employee-student boundaries may indicate the grooming of a student for sexual abuse. As bystanders, employees may know of concerning behavior that no one else is aware of, so their training on: (1) preventing, recognizing, reporting, and responding to child sexual abuse and grooming behavior; (2) this policy; and (3) federal and state reporting requirements is essential to maintaining the Board's goal of professional and appropriate conduct.

The Superintendent or designee shall identify employee conduct standards that define appropriate employee-student boundaries, provide training about them, and monitor the District's employees for violations of employee-student boundaries. The employee conduct standards will require that, at a minimum:

1. Employees who are governed by the Code of Ethics for Illinois Educators, adopted by the Ill. State Board of Education (ISBE), will comply with its incorporation by reference into this policy.

2. Employees are trained on educator ethics, child abuse, grooming behaviors, and employee-student boundary violations as required by law and policies 2:265, Title IX Sexual Harassment Grievance Procedure; 4:165, Awareness and Prevention of Child Sexual Abuse and Grooming Behaviors; 5:90, Abused and Neglected Child Reporting; and 5:100, Staff Development Program.
3. Employees maintain professional relationships with students, including maintaining employee-student boundaries based upon students' ages, grade levels, and developmental levels and following District-established guidelines for specific situations, including but not limited to:
  - a. Transporting a student;
  - b. Taking or possessing a photo or video of a student; and
  - c. Meeting with a student or contacting a student outside the employee's professional role.
4. Employees report prohibited behaviors and/or boundary violations pursuant to Board policies 2:260, Uniform Grievance Procedure; 2:265, Title IX Sexual Harassment Grievance Procedure; and 5:90, Abused and Neglected Child Reporting.
5. Discipline up to and including dismissal will occur for any employee who violates an employee conduct standard or engages in any of the following:
  - a) Violates expectations and guidelines for employee-student boundaries.
  - b) Sexually harasses a student.
  - c) Willfully or negligently fails to follow reporting requirements of the Abused and Neglected Child Reporting Act (325 ILCS 5/), Title IX of the Education Amendments of 1972 (20 U.S.C. §1681 et seq.), or the Elementary and Secondary Education Act (20 U.S.C. § 7926).
  - d) Engages in grooming as defined in 720 ILCS 5/11-25.
  - e) Engages in grooming behaviors. Prohibited grooming behaviors include, at a minimum, sexual misconduct. Sexual misconduct is any act, including but not limited to, any verbal, nonverbal, written, or electronic communication or physical activity, by an employee with direct contact with a student, that is directed toward or with a student to establish a romantic or sexual relationship with the student. Examples include, but are not limited to:
    - i) A sexual or romantic invitation.
    - ii) Dating or soliciting a date.
    - iii) Engaging in sexualized or romantic dialog.
    - iv) Making sexually suggestive comments that are directed toward or with a student.
    - v) Self-disclosure or physical exposure of a sexual, romantic, or erotic nature.

1. A member of the employee’s immediate family;
2. An employee’s partner; or

## **FEES**

Lostant School no longer charges families a registration fee. Due to the COVID-19 pandemic, remote learning became an acceptable substitute for in-person learning. Chromebooks were needed to meet these changes. Remote learning days are now used in lieu of snow or emergency days. If for health reasons the school must close for a period of time, remote learning days will continue to be used. Therefore, all students will receive a chromebook for use at school and at home. Due to these changes, there are two fees that are charged to students.

- Computer fee: \$50 which covers the warranty and partial cost of the chromebook. Chromebooks become the property of the student after five years.

- Supplies: \$35 which covers all supplies a student requires throughout the school year. All supplies remain at school. The only supplies a student will bring to school on the first day are a backpack and a pair of inexpensive gym shoes. The gym shoes will be left at school and should have white soles.
- Headphones: May be purchased through the school for \$10.00. Students may also bring headphones from home.
- PE Uniforms: Students in 5th-8th Grade Students change into uniforms (t-shirt and shorts) purchased by parents. Athletic shoes, which cover the whole foot, must be provided, and kept in the student's locker. Gym clothes are purchased at time of registration. Students should take gym clothes home on the last day of the week for laundry and return to school with clean gym clothes on the first day of the following week.
- Extra-Curricular Activities: A one-time fee per year of \$50 covers the cost of every event except for bowling which is an additional \$42.

Fees must be paid prior to a student's first day of attendance.

### **FIELD TRIPS**

Field trips shall be designed and structured to provide students with an educational experience or an opportunity for constructive social contact with others. Students will be on field trips, class trips, or reward parties during the school year. This is an extension of the education process of Lostant CUSD 425. Students will participate in many activities throughout the school year. Students are transported by buses, but occasionally classes do walking field trips during the year. Parents will be notified of these trips through a permission slip from the teacher of the trip. All students must have a signed permission slip by a parent or legal guardian on file in the office prior to each trip. For reasons of faith or belief, parents may exclude their children from attendance of certain field trips by contacting the teacher or Principal.

Student attendance is required on all field trips unless the parent calls the school with a student absence day. Students must abide by all school policies during transportation and field trip activities. All field trip locations must be treated as though the facilities are part of school property. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline.

- Student behavior throughout the school year will determine whether a student is allowed on a field trip or must remain at school.
- Students may be prohibited from attending field trips for any of the following reasons:
- Failure to receive appropriate permission from parent or legal guardian.
- Failure to maintain passing grades.
- Attendance concerns.
- Behavior or safety concerns.
- RtI behavior plan.
- Denial of permission from Principal.
- Other reasons as determined by the Principal, Superintendent, or Board of Education. In lieu of a student being prohibited from attending a field trip, a parent or legal guardian may be asked to chaperone his or her child on the trip. All field trip expenses are the sole responsibility of the parent or legal guardian.

### **FREE AND REDUCED MEALS APPLICATION**

Applications for free and reduced meals are available at registration or anytime during the school year. If you now receive food stamps or TANF (Temporary Assistance for Needy Families) for your child(ren), we will receive Direct Certification from the state showing their eligibility to receive free meals. If you do not have Direct Certification from the state, you will need to fill out an application showing total household income and household size. If household income is the same or less than the amounts on the Income Chart listed on the application, your child(ren) can receive free or reduced meals. A foster child may receive free meals regardless of your income.

School officials use the information on the application only to decide if your child(ren) qualifies for free or

reduced meals. All applications are confidential.

In the operation of the child feeding programs, no child will be discriminated against because of race, sex, color, or national origin; age or handicap. If you believe you have been discriminated against, write to the Secretary of Agriculture, Washington D.C. 20250.

Parents/guardians are informed as soon as possible if their application is approved or denied. You may talk to school officials if you do not agree with the school's decision on your application or the results of the verification. You also may ask for a fair hearing. You may do this by writing to the School Board President, 315 West 3<sup>rd</sup> Street, Lissant, IL 61334.

Your eligibility may be checked by school officials at any time during the school year. School officials will ask you to submit papers showing that your child(ren) should receive free or reduced-price meals.

### **GRADE POINT AVERAGE**

Grade Point Average (GPA) is calculated beginning with 3<sup>rd</sup> grade. GPA is reflected on report cards and is accumulative every quarter.

### **GRADING**

#### **Report Cards**

Student report cards are issued four (4) times per year at the end of each quarter. The final semester grade is entered on the student's permanent record.

#### **Grades K-2<sup>nd</sup> will use the following scale:**

<b>E+</b> (100)	<b>E</b> (99-94)	<b>E-</b> (93-90)
<b>S+</b> (89-86)	<b>S</b> (85-76)	<b>S-</b> (75-72)
<b>U+</b> (71-70)	<b>U</b> (69 & below)	

#### **Grades 3<sup>rd</sup>-8<sup>th</sup> will use the following scale:**

<b>A+</b> (100/ <b>4.0</b> )	<b>A</b> (99/ <b>3.9</b> , 98/ <b>3.8</b> , 97/ <b>3.7</b> )	<b>A-</b> (96/ <b>3.6</b> , 95/ <b>3.5</b> , 94/ <b>3.4</b> )
<b>B+</b> (93/ <b>3.3</b> , 92/ <b>3.2</b> )	<b>B</b> (91/ <b>3.1</b> , 90/ <b>3.0</b> , 89/ <b>2.9</b> )	<b>B-</b> (88/ <b>2.8</b> , 87/ <b>2.7</b> , 86/ <b>2.6</b> )
<b>C+</b> (85/ <b>2.5</b> , 84/ <b>2.4</b> )	<b>C</b> (83/ <b>2.3</b> , 82/ <b>2.2</b> , 81/ <b>2.1</b> )	<b>C-</b> (80/ <b>2.0</b> , 79/ <b>1.9</b> )
<b>D+</b> (78/ <b>1.8</b> , 77/ <b>1.7</b> )	<b>D</b> (76/ <b>1.6</b> , 75/ <b>1.5</b> , 74/ <b>1.4</b> )	<b>D-</b> (73/ <b>1.3</b> , 72/ <b>1.2</b> , 71/ <b>1.1</b> , 70/ <b>1.0</b> )
		<b>F</b> (69 & below/ <b>0</b> )

The Grading Scale is computed so that percentages are rounded up at .5.

- Example: 94.00 - 94.49 = 3.4
- Example: 94.50 - 94.99 = 3.5

Parents may keep informed of their child’s grades through Teacherease. Grades from the previous week are posted every Monday morning by 10:00 a.m.

**Online Coursework Grading**

Students who participate in high school online coursework will have eight percent added to the online grade for honor roll and award purposes.

□ Example: A student receives a grade of 82 percent from the online teacher. The Lostant School principal will add eight percent to the grade for a new grade of 90 percent when calculating excellent/good grades and awards determination.

**Incomplete Grade**

An [I] is used at any marking period to indicate that the student has not completed the required work. It is not a grade in the subject. An incomplete becomes a failure automatically unless the work is completed during the following 2 weeks of school, or unless the time is extended by the teacher involved and is approved by the Principal. It is the student’s responsibility to check with the teacher for all necessary past-due assignments. Total points will be kept on each activity which will be divided by total possible points to determine the grade assigned to each student.

**Altering a Grade**

Every teacher shall maintain an evaluation record for each student in the teacher’s classroom. An Administrator or office personnel cannot change classroom grades or final grades assigned by the teacher. Only a teacher has authorization to alter a grade in the student management system. Reasons for changing a student’s grade include:

- A miscalculation of test scores.
- A technical error in assigning a particular grade or score.
- The teacher agrees to allow the student to do extra work that may impact the grade.
- An inappropriate grading system used to determine the grade.
- An inappropriate grade based on an appropriate grading system.

**GRADUATION**

Participation in the graduation ceremony and the granting of a diploma are a privilege that is earned. Students are not permitted to participate if they have failed to:

- Successfully complete all requirements for promotion.
- Pass the required United States and Illinois Constitution exams.
- Serve all detentions and suspensions.

- Pay any fines or fees owed.
- Excessive truancy and/or misbehavior during the year may result in a student losing the privilege to participate in the graduation ceremony.

### **HEAD LICE / NITS**

Students are checked for head lice and/or nits. The school conducts a school-wide head check at the beginning of the school year, after winter break, and after spring break. Students who are found to have live head lice or live nits may be sent home for treatment. **Treatment should be immediate and the child(ren) should return the following day.** Students returning after treatment are checked and can return to their classroom if they meet the guidelines established by the LaSalle County Health Department.

### **HEADPHONES**

Headphones can be purchased for \$10.00. Students may bring headphones/earbuds from home.

### **HOME / HOSPITAL INSTRUCTION**

A child may qualify for home or hospital instruction if it is anticipated that, due to a medical condition, the child will be unable to attend school, and instead must be instructed at home or in the hospital, for a period of 2 or more consecutive weeks or on an ongoing intermittent basis. “Ongoing intermittent basis” means that the child’s medical condition is of such a nature or severity that it is anticipated that the child will be absent from school due to the medical condition for periods of at least 2 days at a time multiple times during the school year totaling at least 10 days or more of absences. Such students should be referred to the Principal’s office. Parents making such a referral must submit a written statement from a physician licensed to practice medicine in all of its branches stating the existence of such medical condition, the impact on the child’s ability to participate in education, and the anticipated duration or nature of the child’s absence from school. It will then be the responsibility of the District to determine if such instruction is warranted.

### **HOMELESS STUDENTS**

Each child of a homeless individual and each homeless youth have equal access to the same free, appropriate public education as provided to other children and youths, including a public pre-school education. The enrollment of homeless students will not be delayed due to:

- Scheduling issues.
- Residency document requirements.
- Lack of legal guardianship or student records.

A homeless child is defined as provided in the McKinney Homeless Assistance Act and the Illinois Education for Homeless Children Act. For additional information regarding the education of homeless children, refer to Board Policy 6:140 located in the school office or on the school website ([lostantcomets.org](http://lostantcomets.org)) under About Us/Board of Education/Board Policies/6:140.

### **HOMEWORK**

Homework really does make a difference in a student’s performance. Research shows that the time spent on homework directly affects one’s achievement. This is important information. It tells you that by doing your homework you will increase your skills and do better in school. Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student’s teacher, ability, and grade level. Students and parents should expect that homework will be assigned throughout the year.

### **Requesting Homework in Advance**

**Homework cannot be given in advance.** Lesson pacing is extremely difficult to predict one to two weeks in advance. Therefore, teachers of students in grades K-2<sup>nd</sup> will compile all assignments during a student’s absence and give the work to the student upon returning to school. Teachers of students in grades 3<sup>rd</sup>-8<sup>th</sup> will post all

assignments in Google Classroom by 5:00 p.m. on the day a student is absent. It is the responsibility of the student to retrieve all assignments from Google Classroom. Two calendar days of make-up privileges will be granted for each day of absence. The maximum number of make-up days, regardless of the length of the absence beyond 5 consecutive days will equal ten (10) calendar days.

### **Homework Due Dates**

- E-Learning Days: due the next day or per teacher directive.
- Sick Day: a student has 2 days to turn in homework for every excused absence. The maximum number of make-up days, regardless of the length of the absence beyond 5 consecutive days will equal ten (10) calendar days.
- Family Day: a student has 2 days to turn in homework for every excused absence (5 maximum family days). The maximum number of make-up days, regardless of the length of the absence beyond 5 consecutive days will equal ten (10) calendar days.
- Mental Health Day: a student has 2 days to turn in homework for every excused absence (5 maximum mental health days). The maximum number of make-up days, regardless of the length of the absence beyond 5 consecutive days will equal ten (10) calendar days.

### **Late Homework**

Late homework will result in an After School Study Hall. Students will only be allowed full credit on one late assignment per semester. Any additional late assignments will receive one-half credit provided the assignment(s) are turned in at the beginning of class on the following day. Zero credit will be given to any assignment that is turned in more than one day late.

### **Homework Pass**

Students in grades 3<sup>rd</sup>-8<sup>th</sup> receive one free homework pass per semester. The pass may be used when an assignment was not completed by the due date. There is no penalty for the missed assignment when using the Homework Pass.

### **Students**

Homework teaches you responsibility. By doing homework you are responsible to make sure it is done so you learn to plan, you learn to manage your time, and you learn to be on time by turning your homework in when it is due. Homework helps you learn the skills you must develop if you are to grow to be independent, motivated, and successful adults. Through homework, you learn to follow directions, work on your own, and how to begin and complete a task.

### **Parents**

Homework also provides a valuable link between parents and the school. Homework assigned by the teacher lets parents know what their child is learning in school. Parents' support and motivation is an important factor in your child's success. **While the student should assume the major responsibility for completing homework assignments, parents are encouraged to take an active interest in the student's homework by:**

- Providing a study area that is quiet, comfortable, and free of major disturbances.
- Providing a definite time for study or other activities.
- Assisting students with drill.
- Checking the student's work for neatness and legibility.

### **HONOR ROLL**

Academic honor roll will be announced at the end of each quarter. The term "honor roll" is being replaced with "excellent grades" and "good grades".

### **Excellent Grades**

A student in 3-8 will be awarded excellent grades for achieving A's (94% minimum) in each subject taught by a Lostant teacher. A student may also be awarded excellent grades for achieving straight A's (94% minimum) in each subject taught by a Lostant teacher while also achieving A's (94% minimum) or B's (86% minimum) while

enrolled in online high school coursework taught by an accredited I.S.B.E. approved academic program.

A student in K-2 will be awarded excellent grades for achieving E's in each subject.

### **Good Grades**

A student in 3-8 will be awarded good grades for achieving both A's and B's (86% minimum) in each subject taught by a Lostant teacher. A student may also be awarded good grades for achieving A's (94% minimum) and B's (86% minimum) in each subject taught by a Lostant teacher while also achieving B's (86% minimum) or C's (79% minimum) while enrolled in online high school coursework taught by an accredited I.S.B.E. approved academic program.

A student in K-2 will be awarded good grades for achieving E's and S's in each subject.

### **IMMUNIZATIONS**

Students entering kindergarten and 6th grade must provide proof of having received immunizations against preventable communicable diseases as required by the Illinois Department of Public Health by the first day of school. **Students will not be allowed to attend school until the required immunization form is on file in the school office or an appropriate objection based on religious or medical grounds has been submitted by the parent/guardian, signed by a practicing physician, and approved by the Administrator or his/her designee.**

In addition to other required immunizations, all kindergarten students must have a lead screening and chicken pox vaccination, and proof of this must be written on the immunization form in the appropriate place.

Immunization records will be checked at the beginning of the school year. If any immunizations requirements are lacking, the parents will be notified, and it could cause exclusion from school.

In the case of a transfer student, a period of 30 calendar days beginning with the first day of enrollment in the district shall be given to meet the immunization and physical/dental examination requirements.

### **INJURIES OR ACCIDENTS**

All accidents which require medical attention that occur at school must be reported to the main office immediately. Students or teachers should report the details as soon as possible. Under no circumstances should a student leave the building because of injury unless leaving with parent or his/her designee. In most cases, the parent will be notified by the office when their child is injured. Minor scrapes and bruises may not be immediately reported to the parent.

**In the judgment of school authorities, and in the event of a medical emergency, school personnel may administer emergency medical treatment. This may include calling EMS (911) and transportation via ambulance to the nearest hospital.**

### **INTEGRATED PEST MANAGEMENT PLAN**

Lostant School is inspected for pests every month. The Plan focuses on identifying conditions causing pest problems, changing conditions to discourage pests, and selecting pest control options that minimize health and environmental risk. The District contracts with an area pest management company to inspect the school and treat identified areas of concern. If pesticide application is needed, it is applied on the first Tuesday of every month. An Integrated Pest Management Plan is on file in the superintendent's office.

### **INTERNET USAGE**

Please read and sign the *Student Guidelines for Acceptable and Responsible Use of Technology Resources* section beginning on page 4. Students and parents/guardians must sign the form. A technology packet is given to each

family at registration. The packet includes similar information as listed below and additional information. Students and parents/guardians must sign a document stating they received the technology packet.

Students have no expectation of privacy in any material that is stored, transmitted, or received via the District's electronic network or District computers. General rules for behavior and communications apply when using electronic networks.

Lostant CUSD 425 takes precautions to prevent access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate in the school setting. On an unregulated network, however, it is impossible to control all material and a user may discover inappropriate material. Though efforts will be made to avoid access to inappropriate Internet sites, students are ultimately responsible for the sites they access.

Chat rooms and Instant Messaging are not to be used at Lostant School. Students **MUST** have permission to send email. The use of inappropriate material or language, violation of copyright laws, or violation of any other Internet/Computer Use Agreement policy may result in a loss of digital privileges.

Remember, the parents/guardians are legally responsible for their child's actions. Also, parents/guardians are responsible for setting and conveying the standards that their child or ward should follow. To that end, Lostant School supports and respects each family's right to decide whether or not to authorize Internet access. If you agree to allow your child to have an Internet account, sign the *Student Guidelines for Acceptable and Responsible Use of Technology Resources* form, located on page 4, and return it to the school.

#### **Authorization for Electronic Network Access**

All use of the Internet shall be consistent with Lostant School's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. The *Student Guidelines for Acceptable and Responsible Use of Technology Resources* does not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **Failure of any user to follow the terms of the *Student Guidelines for Acceptable and Responsible Use of Technology Resources* and/or language in this section may result in the loss of privileges, disciplinary action, and /or appropriate legal action.** The signatures on the document are legally binding and indicate the terms and conditions have been carefully read and understood.

Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempt to log-on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

### **Vandalism**

Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy a device, data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

### **Telephone Charges**

Lostant School District assumes no responsibility for any unauthorized charges or fees, including telephone

charges, long-distance charges, per-minute surcharges, and/or equipment, or line costs.

### **Copyright Web Publishing Rules**

- Copyright law and Lostant School District policy prohibit the republishing of text or graphics found on the Web or on District Web sites or file servers, without explicit written permission.
- For each re-publication (on a Web site or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the Web address of the original source.
- Students and staff engaged in producing Web pages must provide the teacher or Principal with e-mail or hard copy permissions before the Web pages are published. Printed evidence of the status of “public domain” documents must be provided.
- The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.
- The “fair use” rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
- Student work may only be published if there is written permission from both the parent/guardian and student.

### **Use of Electronic Mail**

- Lostant School District electronic mail system and its constituent software, hardware, and data files are owned and controlled by the District. The District provides e-mail to aid students and staff members in fulfilling their duties and responsibilities as an education tool.
- The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account’s user. Unauthorized access by any student or staff member to an electronic mail account is strictly prohibited.
- Each person should use the same degree of care in drafting an electronic mail message as would be put into a written memorandum or document. Nothing should be transmitted in an e-mail message that would be inappropriate in a letter or memorandum.
- Electronic messages transmitted via the District Internet gateway, carry with them an identification of the user’s Internet “domain”. This domain name is a registered domain name and identifies the author as being with Lostant School District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Users will be held personally responsible for the content of all electronic mail messages transmitted to the external recipients.
- Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the Principal. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message’s authenticity and the nature of the file so transmitted.
- Use of the District electronic mail system constitutes consent to these regulations.

### **INVITATIONS AND GIFTS**

Personal party invitations or gifts for classmates **should not** be brought to school for distribution.

### **ISOLATED TIME OUT / PHYSICAL RESTRAINT POLICY**

In June 2020, the State Board of Education released regulations for the use of time out, isolated time out, and physical restraint. During May 2022 the rules were amended. The *Permanent Regulations for the Use of Isolated Time Out, Time Out, and Physical Restraint Revised Guidance and Frequently Asked Questions* may be accessed at: <https://www.isbe.net/Documents/Guidance-FAQs-Time-out-Restraint.pdf>

If you are unable to access this document, we have a copy in the school office. You may also contact the school office and request a copy.

## **KINDERGARTEN SNACK**

There is no longer kindergarten snack.

## **LIFE THREATENING FOOD ALLERGY MANAGEMENT PROGRAM**

The District has implemented a policy and procedures for managing students with life threatening food allergies. If your student has a life-threatening food allergy you must inform the Principal and submit the necessary health information and medication authorization forms to the school. A meeting will then be scheduled to review the health information submitted by the student's physician, assess the student's allergy management needs and develop an individual health care plan and emergency action plan for the student. An individual health care plan indicates the steps the school will take to accommodate the individual needs of the student with a life-threatening food allergy in school and at school related activities. The accommodations provided in an individual health care plan will depend on the age of the student, the allergens involved and the facilities at the school. An emergency action plan indicates the specific treatment steps school personnel will take if a student has a life-threatening allergic reaction while at school or at a school related activity.

## **LOST AND FOUND**

**The District is not responsible for lost or stolen equipment.** Lost and Found is located in the gym lobby. Parents may call the school or check the "lost and found". We suggest that all personal articles be plainly marked with the student's name. Students are not to have radios, tape recorders, MP3/I-Pods, CD players, E- Readers such as Kindle, Nook, electronic games, etc., in school unless they have permission from a teacher or the Principal.

## **MAKE-UP WORK**

Two calendar days of make-up privileges will be granted for each day of absence. The maximum number of make-up days, regardless of the length of absence beyond 5 consecutive days will equal ten (10) calendar days. Teachers of students in grades K-2<sup>nd</sup> will compile all assignments during a student's absence and give the work to the student upon returning to school. Teachers of students in grades 3<sup>rd</sup>-8<sup>th</sup> will post all assignments in Google Classroom by 5:00 p.m. on the day a student is absent.

### **Make-up Work for Excused Absences**

Each student is responsible for requesting and completing make-up work (homework, class assignments, quizzes, tests, projects, etc.). Students are required to complete all missed work. Full credit will be given.

### **Make-up Work for Unexcused Absences**

Each student is responsible for requesting and completing make-up work (homework, class assignments, quizzes, tests, projects, etc.). Students are required to complete all missed work. One-half (50%) credit will be given.

## **MEDICATION INFORMATION**

Parents and/or legal guardians have the primary responsibility for administering medication to their children. Administering medication during school hours or a school related activity is discouraged unless it is necessary for the critical health and well-being of the student.

If the student must receive medication during the school day in order to maintain the child in school, the following rules apply:

- Prescribed medication and over the counter medication will not be given by school personnel unless brought in by the parent with a Medication and Authorization Form stating the reason it is to be given, instructions for administering, and the side effects. The medication is to have the student's name on it, be in its original container, and be brought to the school's office. If a spoon is necessary, please provide one. If this medication must be taken at home and requires the student to take it home each night, please send (in its original container) only the amount he/she will need for the school day.
- If a student will be on medication throughout the school year, then the parent must sign a Medication Authorization Form available in the school office at registration or anytime during the school year.

- With any new medication, the initial dose will not be administered by the school. This must be given at home or in the doctor's office.
- Students are generally not allowed to self-medicate. Exceptions would be those students needing asthma medication (inhalers), or epi-pens for allergic reactions to bee stings, or medication for the management of diabetes. A Self Administration of Medicine Form will need to be filled out by the prescribing physician(s,) and the parent or guardian, and kept on file.
- Under no circumstances will medications, either prescription or over the counter, be distributed unless the above guidelines are met.

### **NON-PUBLIC SCHOOL STUDENT ATTENDANCE**

Lostant School District accepts nonpublic school students, including parochial and home-schooled students, who live within the District for part-time attendance in the District's regular education and special education programs on a space-available basis. Placement is determined by the administrative and board policies, including district administered achievement tests, results of district criteria referenced tests, and records from previous school enrollment.

Students accepted for partial enrollment must comply with all discipline, fees, and attendance requirements established by the school.

### **NOTIFICATION REGARDING STUDENT ACCOUNTS OR PROFILES ON SOCIAL NETWORKING WEBSITES**

Under the Right to Privacy in the School Setting Act (P.A. 098-0129 effective January 1, 2014) ) state law requires the District to notify students and their parents/guardians that school officials may request or require a student to provide a password or other related account information in order to gain access to the student's account or profile on a social networking website if the school has reasonable cause to believe that the student's account on a social networking website contains evidence that the student has violated a school disciplinary rule or policy. "Social networking website" means an Internet-based service that allows individuals to: 1) construct a public or semi-public profile within a bounded system created by the service; 2) create a list of other users with whom they share a connection within the system; and 3) view and navigate their list of connections and those made by others within the system. Examples of a social networking website include but are not limited to Facebook, Instagram, Twitter, etc. "Social networking website" for purposes of this section does not include electronic mail.

### **PARENTAL INVOLVEMENT (TITLE I)**

When Lostant CUSD 425 receives Title I funding, the school annually has a meeting for all parents/guardians. At the meeting, the school will discuss parental involvement, and opportunities for parents/guardians to get involved in the education of their children. Parents/Guardians are encouraged to attend the meeting and participate in the discussions that occur. Parents/Guardians should use the meeting as an opportunity to ask questions, make suggestions, and learn about all the opportunities and programming available for parents/guardians to be fully involved in the educational process.

The school and its teachers provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent schedules. Parents/guardians will be given notice of meeting availability at least 2 weeks before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings with teachers. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/guardians are encouraged to inquire about available meeting times, and to work with teachers. Parents/guardians will be when any programs are created, considered, or altered, and will be continually involved in the ongoing development of programming, curriculum, and policy.

The school provides parents/guardians with access to:

- School performance profiles required by Federal law and their child's individual student assessment results, including an interpretation of such results.

- A description and explanation of the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet.
- Opportunities for regular meetings to formulate suggestions, share experiences with other parents/guardians, and participate as appropriate in decisions relating to the education of their children if such parents/guardians so desire.
- Timely responses to suggestions.

Everyone is responsible for the success of the students of the school. While the school provides the best education we can, it is critical to the success of students that parents assist us in meeting the goals of education set forth by the state, the federal government, and the District. In order to better assist in educating the students, we need the help of all parents and guardians. We ask that you help us educate your children by monitoring attendance, homework completion, and television watching; by volunteering in your child's classroom; and participating, as appropriate, in decisions relating to the education of children and positive use of extracurricular time.

The school endeavors to do its best to provide all information in the language best understood by parents and guardians. Questions about language alternatives should be directed to the school office. Parents/guardians of participating children have a right to appeal the contents of this policy. The district will submit any parent comments when this plan is submitted to the State. Any questions or concerns should be directed to the school Principal.

The state's resources on parental involvement can be located at

### **PARENT NOTIFICATION OF MEDICAID CLAIM**

Medicaid reimbursement is a source of federal funds approved by Congress to help school districts maintain and improve special education services. Therapy and diagnostic services provided to your child are partially reimbursable. Unless you object in writing, Lostant School will claim Medicaid/KidCare reimbursement for services provided. These claims will have no impact on your ability to receive Medicaid funding either now or anytime in the future. If you do not object to this release of information related to Medicaid claims for your child, no further action is necessary on your part. Regardless of your decision to object or not object to the district's release of information to Medicaid, the district must continue to provide, at no cost to you, the services listed in your child's IEP. You will be asked to sign a release if this reimbursement becomes necessary with your child.

### **PARENTAL RESPONSIBILITY ACT**

Under the Parental Responsibility Act, the Lostant School District shall hold a minor's parent or guardian responsible for actual damages or for the willful or malicious acts by a minor to school property.

### **PARENT / TEACHER CONFERENCES**

Parent/teacher conferences allow parents and guardians the opportunity to discuss the progress of their sons/daughters. Communication between home and school is beneficial to the learning process. Parents and guardians may also meet with teachers during other times of the school year by notifying the teacher or Principal.

### **PARKING**

High school students who park at Lostant School must park on the west side of the building at the south end of the parking area.

Vehicles may not be parked or located in the bus lanes or fire lanes at any time. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police. Video cameras are active in the parking area and may be used for the purpose of conducting an investigation.

## PARTIES

Classroom and school-wide parties occur to celebrate academic achievements or certain holidays. Students must be in good behavior standing and must have passing grades to attend these events.

## PHYSICAL EDUCATION REQUIREMENTS

### All Students

Physical Education is mandated by Illinois School Code, Section 27-6. An inexpensive pair of gym shoes must be kept at school for physical education class and indoor recess. Do not purchase shoes with black soles unless they are identified by the manufacturer as not leaving marks. Students may sit out of physical education class for one (1) day without a doctor's note. Two or more days out of physical education class requires a doctor's note. If a doctor's note does not have a beginning and end date, another doctor's note will be required to participate in physical education class.

All students will participate daily in a 30-minute physical education class with grade level peers. Physical education classes are taught and supervised by the P.E. teacher, Miss Rapp.

### 7<sup>th</sup> & 8<sup>th</sup> Grade Students

Students change into uniforms (t-shirt and shorts) purchased by parents. Athletic shoes, which cover the whole foot, must be provided, and kept in the student's locker. Gym clothes are purchased at time of registration. Students should take gym clothes home on the last day of the week for laundering and return to school with clean gym clothes on the first day of the following week.

## PHYSICAL EXAMINATIONS

Students entering kindergarten and 6th grade; as well as students transferring from an out-of-state school, are required by the Illinois School Code to have a recent physical exam on file in the school office by the first day of school. Students will not be allowed to attend school until the physical examination form is on file in the school office. An appropriate objection, based on religious or medical grounds, may be submitted by the parent/guardian, signed by a practicing physician, and approved by the Principal or his/her designee. **Presenting proof by the first day of school that an appointment has been scheduled in the future for the physical examination and/or immunization is not sufficient. The student will be excluded from school until the physical examination form and/or immunization form is on file in the school office unless otherwise permitted by statute.**

## PROGRESS REPORTS

Progress reports will be sent home with students at the mid-term each quarter. Parents may keep informed of their child's grades through Teacherease. Grades from the previous week are posted every Monday morning by 10:00 a.m. Parents receive instructions at the time of registration how to access Teacherease. Please call the school office if assistance with setting up the parent account is needed.

## PROTECTION OF PUPIL RIGHTS ACT

Parents shall have the right to inspect a survey created by a third party before it is administered and distributed to their student. Said surveys may be obtained by contacting the Principal and/or teacher. Parents shall have the right to be informed of the arrangements made to protect student privacy with regard to surveys requesting particular personal information.

Parents shall have the right to inspect any instructional material used as part of their child's educational curriculum by contacting the appropriate teacher to establish a mutually convenient time for viewing. **Instructional material does not include academic tests or academic assessments.**

Parents shall have the right to notification of any physical examinations or screenings, which the district may administer to the student.

Parents shall have the right to inspect any collection instrument used for the purpose of marketing or selling of personal information. Parents may opt-out of this process by filing a written request with the Principal by September 1<sup>st</sup>.

Parents shall have the right to refuse consent for their child to submit to and/or to request protections of student privacy for any survey that reveals the following information:

- Political affiliations or beliefs of the student or the student's parent.

Any parent interested in further information concerning the exercise of these rights should contact the Principal.

### **PUBLIC PARTICIPATION AT BOARD MEETINGS**

The following protocol will be followed under the PUBLIC COMMENT section at the board meeting.

- Address the board when the Board President calls for public comment.
- Identify one-self.
- Comments are limited to five (5) minutes. In unusual circumstances, and when an individual has made a request in advance to speak for a longer period of time, the individual may be allowed to speak for more than five minutes.

- Observe the Board President's decision to determine procedural matters.
- Conduct one-self with respect and civility toward others.

For a complete explanation of *Public Participation at Board of Education Meetings and Petitions to the Board*, please review School Board Policy 2:230.

### **RECIPROCAL REPORTING AGREEMENT**

Lostant CUSD 425 staff, administrators, and Board of Education are committed to maintaining a productive and safe school environment. To that end, we have adopted, in conjunction with the Regional Superintendent's Office and other area schools, a reciprocal reporting agreement, which allows, under certain conditions, for the sharing of information between the District and law enforcement officials concerning minor Lostant students who have been arrested or taken into custody for any of the following offenses:

- All cases involving the unlawful use of weapons of any type under Section 24-1 of the Criminal Code.
- All cases involving illegal or controlled substances (including any violation of legal drug the Illinois Controlled Substances Act, Cannabis Control Act, Methamphetamine Control and Community Protection Act).
- All cases involving a serious crime, felony, or forcible felony as defined in Section 2-8 of the Criminal Code.
- All cases involving criminal gang activity.
- All other criminal offenses by an enrolled student.

It is our desire to work with the State Attorney's office, local and county law enforcement agencies, and other schools to send a strong message that these behaviors will not be tolerated. The local designee in charge of communicating such offenses in the Lostant School District is Dr. Malahy, Superintendent.

### **RELIGIOUS INSTRUCTION / OBSERVANCE**

A student shall be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the Principal at least 5 calendar days before the student's anticipated absence. This notice shall satisfy the District's requirement for a written excuse when the student returns to school.

### **RESIDENCY DUE TO MILITARY SERVICE**

When a student's change of residence is due to the military service obligation of the student's legal custodian, the student's residence is deemed to be unchanged for the duration of the custodian's military service obligation if the student's custodian made a written request. The District, however, is not responsible for the student's transportation to or from school.

If, at the time of enrollment, a dependent child of military personnel is housed in temporary housing located outside of the District, but will be living within the District within 60 days after the time of initial enrollment, the child is allowed to enroll, subject to the requirements of State law, and must not be charged tuition.

### **RESPONSE TO INTERVENTION**

In our continuing efforts to improve the academic and behavioral performance of all students, the District offers a district wide policy available to all students through Response to Intervention (RtI). RtI is a federal legislative initiative that public schools are required to implement to help all children. RtI is a means to intervene early, using high quality, scientifically researched-based instructional and behavior supports in the general education setting to help the student before he or she fails. This process provides interventions and educational support to all students at increasing levels of intensity based on their individual needs.

To facilitate this problem-solving process the District's k-8 students are assessed/benchmarked 3 times a year using two nationally normed assessments: 1) AIMSweb and, 2) Northwest Evaluation Association (NWEA) Measures of Academic Progress (MAP). Assessments are administered in reading and math. Based on a student's scores, classroom performance, and teacher recommendation, students are placed in a group that may receive interventions.

All students requiring extra academic assistance will participate in a Tier II or Tier III RtI class for 30 minutes per day. These classes are supervised and taught by highly qualified teachers.

Tier II: These interventions address the needs of students who require additional academic support. Students who quickly master the curriculum and need to be challenged will also participate in Tier II interventions. Interventions may include digital content, small group instruction, or paper/pencil tasks.

Tier III: Students identified by the school psychologist, special education coordinator, teacher, principal, and assessment data, as requiring assistance beyond Tier II interventions will participate in Tier III interventions. Interventions will be one-on-one or small group instruction.

Instruction and interventions are proven to improve student performance by increasing reading fluency, reading comprehension, and/or math skills. RtI is also used for students who have behavioral problems as well as students with academic concerns.

If a child has been determined to need a Progress Monitoring Plan (PMP) for academic difficulties or Behavioral Support (example: Check In/Check Out) for behavioral concerns the parent(s)/guardian(s) will be notified by a letter. In order to accurately assess student progress, the intervention needs to be in effect for a minimum of 3-6

weeks before it is changed, modified, or discontinued. Many students require 2 to 8 quarters to see significant improvement in his/her skills and may no longer need an intervention.

The goal of RtI is to provide a child with everything he or she needs to achieve at grade-level without the need for special education services. While some children who enter the RtI process ultimately require special education support, the vast majority become successful without it. As we work with children the parent(s)/guardian(s) may be asked to attend a meeting to further discuss their child's progress and/or discuss how we can best meet the child's need. Lostant School faculty are trained to help children be more successful in school. If parents have any questions, feel free to contact your child's teacher.

RtI is to be considered a process, not an immediate solution, and may take several weeks or months of trying different ideas and testing their effectiveness. Cases will be continually monitored to maintain optimal success.

Parents will be notified of any referrals and times of meetings and process implementations.

### **RETENTION**

If the decision to retain is under consideration a team consisting of Lostant school personnel, L.E.A.S.E. personnel, and parents will view student data which will include but not be limited to: a) formal assessments, b) summative assessments, c) RtI data, and d) inventories.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests, and other assessments. A student will not be promoted based upon age or any other social reason. Students who fail one core academic subject may not be promoted to the next grade level. Students must receive a score of 70.00 percent or higher in every core academic subject to maintain passing grades. Core academic subjects include mathematics, language arts, reading, writing, science, and social studies. Promotion will be at the discretion of the Principal and classroom teachers and may require successful completion of a summer course in one or more failed areas. The expense of a summer course is the responsibility of the parents or guardians.

### **RIGHTS UNDER THE SCHOOL VISITATION RIGHTS ACT**

Parents of students attending Illinois Schools who work for employers who employ at least 50 or more individuals in Illinois have certain rights under the School Visitation Rights Act (820 ILCS 147/1). Employed parents who have worked for an employer for at least 6 consecutive months, who work at least half-time, and who are unable to meet with educators because of a work conflict must be given leave of up to 8 hours during the school year to attend school conferences or classroom activities related to the employee's child if the conference or classroom activities cannot be scheduled during non-work hours. However, no more than 4 hours of this time can be taken on any given day and leave under this Act may not be taken unless the employee has exhausted all accrued vacation leave, personal leave, compensatory leave, and any other leave that may be granted to the employee, except sick leave and disability leave. Before arranging attendance at the conference or activity, the employee shall provide the employer with a written request for leave at least 7 days in advance of the time the employee is required to utilize the visitation right. In emergency situations, no more than 24 hours' notice shall be required. The employee must consult with the employer to schedule the leave so as not to disrupt unduly the operations of the employer. The District will provide documentation for parents' use confirming the date and time of each school visitation upon a parent's request for such documentation. For regularly scheduled, non-emergency visitations, the District will make time available for visitation during both regular school hours and evening hours, when it is practicable, and the District is readily able to do so.

### **SAFETY DRILLS**

Students are required to be silent and shall comply with the directives of school personnel during emergency drills. There will be a minimum of 3 evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) active shooter drill, and a minimum of one (1) bus evacuation drill each school year.

There may be other drills at the direction of the Principal. Drills may not be preceded by a warning to the students.

Parents can foster this purpose by carefully monitoring attendance, homework, and behavior. Parents should stress the need to make learning a priority. Parents are encouraged to visit the school and become involved in their children's educational career; and are encouraged to be active in the educational decisions of the child and be supportive of extra-curricular participation by their children.

Students will be given the opportunity to be successful in school and life. They will attend classes taught by highly qualified staff and be given a curriculum which will help them to achieve an education which is second to none in Illinois. They will be assessed based on the Illinois Standards of Learning. Additional assistance will be provided to students who fall behind in educational endeavors. ### **SEARCH AND SEIZURE**

In order to maintain order, safety, and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

### **School Property and Equipment as well as Personal Effects Left There by Students**

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. The Administrators may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

### **Students**

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law, or the school, or District's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive considering the student's age and gender, and the nature of the infraction.

### **Seizure of Property**

If a search produces evidence that the student has violated or is violating either the law, or the school or District's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

### **SEIZURE PLAN**

If your child has a seizure plan, please notify the school, and give the Principal a copy of the plan so teachers and staff can be informed and trained.

### **SEX OFFENDER AND VIOLENT OFFENDER NOTIFICATION**

State law requires the District notify parents/guardians that information about sex offenders and violent offenders against youth is available to the public. The Department of State Police maintains a statewide Sex Offender Database for the purpose of identifying sex offenders. Parents/guardians can access the Statewide Sex Offender database by going to the following website: <https://isp.illinois.gov/Sor/Disclaimer>. There is a users' agreement to accept and this will allow you to access the registry. Individual names can be searched by county or town.

### **SPECIAL EDUCATION PROGRAMS AND SERVICES / 504 SERVICES**

Lostant CUSD 425 belongs to LaSalle County Educational Alliance for Special Education (L.E.A.S.E.). This is to inform you that comprehensive special education programs and services are currently available within our local district or within the other districts of the L.E.A.S.E. special education joint agreement. This includes services to students of nonpublic and parochial schools living within the district.

The District shall provide a free appropriate public education and necessary related services to all children with disabilities residing within the District, as required by the Individuals with Disabilities Education Act (IDEA) and implementing provisions of The School Code, Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act. The term "children with disabilities," as used in the District's policy, means children between ages 3 and 21 for whom it is determined, through definitions and procedures described in the *Illinois Rules and Regulations to Govern the Organization and Administration of Special Education*, that special education services are needed.

The District offers all eligible students between the ages of 3 and 21 a comprehensive program which includes systematic procedures to identify and evaluate those students eligible for special education and a continuum of placement options available to the specific needs of students. If necessary, students may be placed in private educational facilities.

Parents have the right to request a referral for an evaluation to assess their child(ren) for possible special education intervention. Parental consent in writing is required prior to the District conducting an evaluation. It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated, and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the Illinois State Board of Education's Rules and Regulations to Govern the Administration of Special Education.

For those students who are not eligible for services under IDEA, but, because of disability as defined by Section 504 of the Rehabilitation Act of 1973, need or are believed to need special instruction or related services, the District shall establish and implement a system of procedural safeguards. The safeguards shall cover students' identification, evaluation, and educational placement. This system shall include notice, an opportunity for the student's parent(s)/guardian(s) to examine relevant records, an impartial hearing with opportunity for participation by the student's parent(s)/guardian(s), and representation by counsel, and a review procedure. Contact the Lostant Principal for a copy of the description of rights assured by Section 504 to those disabled students who qualify under Section 504 but do not qualify under IDEA. In addition to the rights provided in the District's section 504 procedural safeguards, parents/students may file a complaint with the Office for Civil Rights (OCR). The Illinois Regional Office for Civil Rights is located in Chicago at: Chicago Office for Civil Rights, US Department of Education, Citigroup Center, 500 West Madison Street, Suite 1475, Chicago, Illinois 60661. The phone number for OCR is 312-730-1560; TDD 877-521-2172. Their email address is OCR.Chicago@ed.gov. Student/parent complaints concerning Section 504 matters other than a student's identification, evaluation and/or placement under Section 504 are addressed in the District's Uniform Grievance Procedure described below.

If you have any questions about the availability of special education in Lostant School District, please call 815-368-3392. If you have any questions about State or Federal requirements or other programs in the L.E.A.S.E. Cooperative, please call Kathy Fox, L.E.A.S.E. Director, at 815-433-6433 for this information.

If you have questions about eligibility and services under Section 504 of the Rehabilitation Act of 1973, please call the Lostant Principal. The District Superintendent or his/her designee serves as the Section 504 Coordinator for the District.

### **SPEECH / LANGUAGE SCREENING**

All students enrolled in school for the first time are required to have a speech and language screening. Students identified through the screening process will be referred for a case study evaluation to determine any specific need for special education services. Notification of the intent to initiate a case study or to provide district special

education services is required for any child being considered for such special education services.

The speech therapist will also re-check students that do not require direct services but have been identified as having potential speech and language concerns. Any questions regarding speech and language should be referred to the speech therapist.

### **STUDENT ATTIRE**

Students' dress and grooming must not disrupt the educational process, interfere with the maintenance of a positive teaching/learning climate, or compromise reasonable standards of health, safety, and decency. Decent and appropriate coverage of the body is expected. Health and safety standards require that clothing and shoes do not have ornamentation that will damage furniture or floors, or create a safety hazard to the child or to others. All students should maintain a state of general cleanliness and dress in a manner appropriate to an academic environment.

Students are expected to dress in a manner conducive to a positive learning environment. One's appearance cannot disrupt the educational process, be unreasonable, immodest, or unkempt. ## **THE CARE OF STUDENTS WITH DIABETES ACT**

Under the *Care of Students with Diabetes Act* ("Act") (105 ILCS 145/1 et. Seq), a parent or guardian must submit a Diabetes Care Plan to the school for any student who seeks assistance with diabetes care in the school setting or who has been managing his or her diabetes care in the school setting.

Under the Act, specific information must be provided in the Diabetes Care Plan such as physician instructions for the student's diabetes management and designation of appropriate school staff who will provide and supervise

services for the student. Therefore, parents and guardians are encouraged to collaborate with the student's physician and school personnel in the creation of the plan.

The Diabetes Care Plan must be submitted to the school at the beginning of each school year, upon enrollment, as soon as practical following a student's diagnosis, or when a student's care needs change during the school year. It is the parent or guardian's responsibility to inform the school in a timely manner of any changes to the Diabetes Care Plan recommended by the student's physician.

In addition to the Diabetes Care Plan, parents must also complete forms provided by the school district regarding authorization for the administration of medication and authorization for designated district representatives to communicate directly with the student's physician regarding the necessary management of the student's diabetes.

To assist the school district in safely transporting the student, the Act also requires that an information sheet be provided to any school employee who transports a student for school-sponsored activities. The information sheet identifies potential emergencies that may occur as a result of the student's diabetes and the appropriate responses to such emergencies. Parents must assist the district in the completion of the transportation information sheet by providing the information and authorizations necessary to complete the form.

To begin the process of completing the Diabetes Care Plan and other required documents the parent or guardian must contact the Administrator.

### **TRANSFERS**

Students moving away from the District should notify the school office at least 3 days prior to their move. Student records will be mailed to the new school when a **written request** is received from the new school. At the end of the year if you know your child(ren) will not be attending Lostant School the following year, please notify the office as soon as possible.

### **TRUANCY / CHRONIC TRUANT**

Truancy is an unexcused absence from school for all or part of the school day, as defined by Section 26-2a of the Illinois School Code. A student is Chronically Truant if they are absent without valid cause for 5% (9 days) or more of the previous 180 regular attendance days. Consequences for truancy are determined by the repetitive and or nature of the truancy. Parent will be contacted and all absences beyond 5 days without a doctor's notice will be referred to the LaSalle County Truant Officer who will take appropriate action.

Excessive absences or truancy may seriously jeopardize a student's grades and abilities in the classroom.

#### **Resources and Supportive Services**

The following resources and supportive services are available to students with attendance problems and their parents or guardians:

- Conferences with school personnel.
- Counseling services of school social worker and/or school psychologist.
- Placement in alternative educational programs.
- Referral to community agencies for appropriate services.

#### **Truant Minor**

Lostant School District, in keeping with Section 26-2a of the Illinois School Code, considers a truant minor to be a chronic truant to whom the above resources and supportive services have been provided and have failed to result in the remediation of the chronic truancy, or have been offered and refused by the parent(s), guardian(s) and/or student.

#### **Referral of Chronic Truant**

This district will refer chronic truants to the Regional Office of Education in accordance with current procedures

established by the LaSalle County Truant Officer.

### **UNIFORM GRIEVANCE PROCEDURE**

The Complaint Manager will attempt to resolve complaints without resorting to this grievance procedure and, if a complaint is filed, to address the complaint promptly and equitably. The right of a person to a prompt and equitable resolution of a complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies. All deadlines may be extended by the Complaint Manager as he or she deems appropriate. As used in this policy, "school business days" means days on which the District's main office is open.

### **Filing a Complaint**

A person (hereinafter Complainant) who wishes to avail him or herself of this grievance procedure may do so by filing a complaint with any District Complaint Manager. The Complainant shall not be required to file a complaint with a particular Complaint Manager and may request a Complaint Manager of the same gender. The Complaint Manager may request the Complainant to provide a written statement regarding the nature of the complaint or require a meeting with the parent(s)/guardian(s) of a student. The Complaint Manager shall assist the Complainant as needed.

### **Investigation**

The Complaint Manager will investigate the complaint or appoint a qualified person to undertake the investigation on his or her behalf. If the Complainant is a student, the Complaint Manager will notify his or her parent(s)/guardian(s) that they may attend any investigatory meetings in which their child is involved. The complaint and identity of the Complainant will not be disclosed except: (1) as required by law or this policy, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the Complainant.

The identity of any student witnesses will not be disclosed except: (1) as required by law or any collective bargaining agreement, or (2) as necessary to fully investigate the complaint, or (3) as authorized by the

parent/guardian of the student witness, or by the student if the student is 18 years or age or older.

Within 30 school business days of the date the complaint was filed, the Complaint Manager shall file a written report of his or her findings with the Superintendent. The Complaint Manager may request an extension of time. If a complaint of sexual harassment contains allegations involving the Superintendent, the written report shall be filed with the School Board, which will make a decision in accordance with Section 3 of this policy. The Superintendent will keep the Board informed of all complaints.

**Decision and Appeal**

Within 5 school business days after receiving the Complaint Manager’s report, the Superintendent shall mail his or her written decision to the Complainant by U.S. mail, first class, as well as the Complaint Manager.

Within 10 school business days after receiving the Superintendent’s decision, the Complainant may appeal the decision to the School Board by making a written request to the Complaint Manager. The Complaint Manager shall promptly forward all materials relative to the complaint and appeal to the School Board. Within 30 school business days, the School Board shall affirm, reverse, or amend the Superintendent’s decision or direct the Superintendent to gather additional information for the Board.

Within 5 school business days of the Board’s decision, the Superintendent shall inform the Complainant of the Board’s action.

This grievance procedure shall not be construed to create an independent right to a School Board hearing. The failure to strictly follow the timelines in this grievance procedure shall not prejudice any party.

**Appointing Complaint Managers**

The Superintendent shall appoint at least 2 Complaint Managers, one of each gender. The District’s Nondiscrimination Coordinator, if any, may be appointed a Complaint Manager. The Superintendent shall insert into this policy the names, addresses, and telephone numbers of current.

**UNSAFE SCHOOL CHOICE**

**K-8<sup>th</sup> Grade Students**

The unsafe school choice option provided in State law permits students to transfer to another school within the District in certain situations. This transfer option is unavailable in the Lostant School District because the District only has one school or attendance center. Special accommodations within the Lostant School environment may be requested and directed to the Principal.

**9<sup>th</sup>-12<sup>th</sup> Grade Students**

If a high school student is a victim of a violent crime that occurred on school grounds during regular school hours or during a school-sponsored event, the parent/guardian may request a transfer to another public school that has an Intergovernmental Agreement with Lostant School District. All students are allowed one transfer during the high school years. If one transfer has already been utilized, the Lostant Board of Education will hear the case and may waive the one-time allowable transfer.

## **USE OF A PHOTOGRAPH OR VIDEO RECORDING OF A STUDENT**

Students may occasionally appear in photographs and video recordings taken by school staff members, other students, or other individuals authorized by the Principal. The school may use these pictures without identifying the student in various publications including the school yearbook, school newspaper, school information flyers or newsletter and the school website. No consent or notice is needed or will be given before the school uses pictures of unnamed students taken while they are at school or a school related activity. The district is not responsible for photographs taken of students by other students or other individuals without the consent of district staff.

On occasion school officials may want to identify a student in a school picture. Examples include but are not limited to, acknowledgement of students who participated in a school activity or acknowledgement of students who deserve special recognition. For the school to publish a picture with a student identified by name, the student's parent or guardian must sign the consent form included in the registration materials.

## **VIDEO AND AUDIO MONITORING SYSTEMS**

The District is under twenty-four-hour video surveillance, outdoors and indoors, on all school property. School buses and school van are equipped with video and audio recording equipment. These systems have been put in place to protect students, staff, visitors, and school property. If a discipline problem is captured on audio or video, these recordings may be used as the basis for imposing student discipline and/or legal action. If a Lostant adult resident or non-Lostant student or adult resident is involved in an incident, law enforcement authorities will be contacted. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

## **VISION EXAMINATIONS**

All children enrolling in kindergarten and any student enrolling for the first time in a public, private, or parochial school in Illinois on or after January 1, 2008 shall have an eye examination. Proof of having been examined by a physician licensed to practice medicine in all its branches or a licensed optometrist within the previous year must be submitted to the school by the first day of school.

An Eye Examination Waiver Form (described below) is presented to the school.

Parents who object to an eye examination on religious grounds shall not be required to submit their child to the examination if the parent presents to the Principal a signed statement of objection detailing the grounds for the objection.

Children who show an undue burden or a lack of access to an optometrist or to a physician who provides eye examinations shall receive a waiver from the requirement for an eye examination. A waiver form may be obtained from the Principal or his/her designee. An undue burden or lack of access to an optometrist or to a physician who performs eye examinations includes but is not limited to, the following circumstances:

The child is enrolled in the free and reduced lunch program under the School Breakfast and Lunch Program Act and is ineligible for Public Assistance (Medicaid/ALLKIDS).

The child is enrolled in Medicaid/ALLKIDS, but the parent or guardian is unable to find an optometrist or physician in the community who accepts Medicaid/ALLKIDS and who can see the child.

The child does not have any type of medical or vision/eye insurance coverage, and there are no low-cost clinics in the community that provide eye examinations as required by the Illinois School Code and Department of Public Health Regulation 665.620 and that will see the child.

## **Vision Screening**

The screening notice is not a permission to test and is not required to be returned. Vision screening *is not* an option. If a vision examination report is not on file at the school for each student, the student will be screened. The school gives a vision screening in the fall. Section 5/27-8.1 of the School Code requires the school to inform

parents/guardians that vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. The student is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months.

### **VISITORS**

In order to assure the health and safety of students and staff, all entrances to the school will be locked. To enter the school, visitors must use the intercom button located at the main North entrance of the school.

The visitor will be requested to identify himself or herself and state the reason for the visit. Parents or guardians bringing student supplies are encouraged to take them to the office. School personnel will deliver the items to the student during passing time. This will help to reduce classroom interruptions. If a parent or guardian wishes to visit a classroom, permission should be obtained from the teacher prior to the classroom visit. Additional information may be obtained from Board Policy 8:30, located on the school website.

### **VOLUNTEERS**

All school volunteers must complete the *Volunteer Information Form* and be approved by the Principal prior to assisting at the school. Forms are in the school office or on the school website. All documents meet board policy 6:250. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the Principal. Volunteers are required to check in and out at the school office and receive a visitor badge before going to his or her destination.

### **WAIVER**

In accordance with School Board Policy 4:140, the Superintendent will recommend to the School Board for adoption what fees, if any, will be charged for the use of textbooks, consumable materials, extracurricular activities, and other school fees. Students will pay for loss of school books or other school- owned materials.

Fees for books and other instructional materials are waived for students who meet the eligibility criteria for the fee waiver contained in this policy. In order that no student is denied educational services or academic credit due to the inability of parents/guardians to pay fees and charges, the Superintendent will recommend to the Board for adoption what additional fees, if any, the District will waive for students who meet the eligibility criteria for fee waiver. Students receiving a fee waiver are not exempt from charges for lost and damaged books, chromebooks, technology items, locks, materials, supplies, and equipment.

#### **Eligibility Criteria**

A student shall be eligible for a fee waiver when:

- The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act, 42 U.S.C. §1758; 7 C.F.R. Part 245.
- The student or student's family is currently receiving aid under Article IV of The Illinois Public Aid Code (Aid to Families with Dependent Children).

The Superintendent or designee will give additional consideration where one or more of the following factors are present:

- Illness in the family.
- Unusual expenses such as fire, flood, storm damage, etc.
- Seasonal unemployment.
- Emergency situations.
- When one or more of the parents/guardians are involved in a work stoppage.

### **Verification**

The Superintendent or designee must follow the verification requirements of 7 C.F.R. 245.6a when using the free lunch or breakfast eligibility guidelines pursuant to The National School Lunch Act as the basis for waiver of the student's fee(s).

When using a District established or other independent verification process, the Superintendent or designee may not require verification more often than every 60 calendar days. The Superintendent or designee shall not use any information from any independent verification process to determine free lunch or breakfast eligibility pursuant to The National School Lunch Act.

### **Determination and Appeal**

The Superintendent or designee will notify the parent(s)/guardian(s) promptly as to whether the fee waiver request has been granted or denied. The denial of a fee waiver request may be appealed to the Superintendent by submitting the appeal in writing to the Superintendent within 14 days of the denial. The Superintendent or designee shall respond within 14 days of receipt of the appeal. The Superintendent's decision may be appealed to the Board. The decision of the Board is final and binding. Questions regarding the fee waiver request process should be addressed to the Superintendent's office.
