Monthly **FOCUS**

January Facts

This month was named after the Roman god Janus, who fittingly represented new beginnings. Start the first month of the year right!

Even in astronomy, there is a sense of new beginnings. In the Northern Hemisphere, the days are starting to get longer again and we look forward to the light's re-emergence.

January Folklore

- Fog in January brings a wet spring.
- A favorable January brings us a good year.
- If grass grows in January, it will grow badly the whole year.
- A summerish January, a winterish spring.

Have a lovely January and a wonderful start to
2025!
