May 14th, 2025

Dear Families,

Get ready to dive into a summer of creativity, discovery, and community at the Library with this year's theme: "Color Our World." We're thrilled to invite you to eleven weeks of free, engaging programs designed to spark imagination, celebrate cultural diversity, and promote lifelong learning.

From hands-on arts and crafts workshops and thought-provoking documentary screenings to engaging cultural presentations, exciting science experiments, lively storytimes, and outdoor fun in the park—there's truly something for everyone to enjoy, from children and teens to adults. All programs are free and open to the public—no library card required. Just bring your curiosity, creativity, and a sense of adventure. We hope you'll be part of what makes the Library a vibrant, welcoming space this summer!

For a full schedule of programs, stop by any of the Library branches or visit our online calendar at <https://putnamcountylibrary.org/>

We can't wait to see you!

Warm regards,

*Rachael Blomquist*

Library Clerk
